THE BROCKERHOFF HOUSE
Bellefonte - Centre County - Pennsylvania

Owner - Dr. J. M. Brockerhoff

Date of Erection - 1813

Builder - Patrick Cambridge

Present Condition - In fine state of preservation with original appearance maintained except for the addition of the north and east porches.

Number of Stories - Three

Materials of Construction - Stone foundations, exterior walls of brick, interior walls of plaster and pitch roof of slate. The original conditions of the interior have been maintained with Italian marble mantels, of no particular design, in the office and parlor. Fireplaces in the living room and dining room have identical mantels of wood made interesting chiefly by their small turned columns and carved capitals. The central hall with its elliptical arch and stairway is an interesting feature, except the detail of the stairway balusters, newels and stair-ends are of no particular importance.

Information received from Dr. J. M. Brockerhoff, Bellefonte, Penna.
